Title: **Electronic Music Masterpieces**

Artist: **VARIOUS**

Hörprobe: <http://bit.ly/2UdpP18>

Electronic Music Masterpieces is a compilation dedicated to all fans of electronic synthesizer music.

Edgar Froese, founder of the band Tangerine Dream and pioneer of electronic and ambient music, opens this sampler. The mega track „Tyger“ by Tangerine Dream follows as title no. 2.

The other great bands emphasize that their electronic rhythms, spherical clouds of sound and beautiful melodies lead a to a perfect sound experience.

Bands such as Space from France, who landed an international no. 1 hit in 1977 with their title „Magic Fly“, or Yello being represented with their song „Pacific AM“, illustrate the high quality of this CD.

Furthermore, you can look forward to tracks by the Finnish exceptional talent KEBU, who is now producing great tracks for many years.

Title: **Roadkill Tapes & Rarities**  
 Artist: **MANILLA ROAD**

Hörprobe: <http://bit.ly/2Hwld01>

Unpublished material and alternative versions on both CDs - Booklet with liner notes, photos and memorabilia!  
 „Roadkill“ is the only professional live recording of Manilla Road from the eighties, now available for the first time in full length, restored and remastered.

In 1987, when the live album „Roadkill“ was released via Black Dragon Records, it was not completely flawless, despite its excellent musical content. Only in 2018 bassist Phil Ross found a tape containing the entire show in the basement of Mark Shelton. It was in amazing condition and was restored and remastered by Neudi. It contains even seven songs that did not make it to „Roadkill“. With this gem, the band decided to release the full-length „Roadkill Tapes“.

The second CD „Rarities“ is basically self-explanatory. Phil Ross and Neudi kept on ransacking the cellar of their bandleader looking for unpublished material. Some of the song recordings they found, mostly live or in the rehearsal room, have already been used for past re-releases on Golden Core / ZYX as bonus-tracks. Now we proudly present all previously unreleased recordings. In addition, fans can look forward to two songs from the debut album „Invasion“ (1980) found on the original master tape. The finale is a bootleg recording of „Necropolis“ at the Bang Your Head Festival in 2000 - the group’s memorable first European show.

The double CD has already caused a stir when it was announced in social media, especially since it is not a typical re-release. In collaboration with the two ex-drummers Rick Fisher and Randy Foxe, who also contributed liner notes, the ultimate conclusion of the re-release series was set with material from the first two classical casts.

The term „Holy Grail“ already makes the rounds!

The Philadelphia-born trumpeter-bandleader Wallace Roney has been a significant force on the jazz scene from the age 16. With twenty one recordings as a leader, and some impressive work with McCoy Tyner, Dizzy Gillespie, Elvin Jones, Chick Corea, and as the protégé of Miles Davis. Roney has secured his place in jazz history as a member of VSOP. This new CD, features Roney as the mentor and guiding light of a quicksilver group of the Next Generation Jazz Artists: Emilio Modeste (saxes), Oscar Williams II (piano), Paul Cuffari (bass) and Kojo Odu Roney (drums). The core group is augmented by Philadelphia guitarist Quintin Zoto and the legendary drummer, Lenny White, who played on Miles Davis' classic Bitches Brew recording.
