Title: **Danger Metal**
 Artist: **SAINT'S ANGER**

Hörprobe: <http://bit.ly/2T7oWIN>

After the first glorious years spawning bands like Accept, Scorpions and Trance, it didn't get easier for „Heavy Metal from Germany“, if it was traditionally interpreted. In the view of bands from the UK, the USA and the emerging speed / thrash local groups have been worse off, also in the press. Saints' Anger from Speyer also had to struggle with these circumstances in the mid-eighties. But now, things are different today and „German Metal of the Eighties“ not only became a style, but also offered a second chance to many acts from that period.

„Danger Metal“ was released in 1985 at Mausoleum Records (Belgium) and presents a band that is as traditional as it is unusual. The vocals by H.P. Piller often seem to be a melodic version of Udo Dirkschneider (Accept) and mark a unique feature within the style of the band. Their Heavy Metal is powerful and full of energy and spiced with striking choruses that made the band and their songs immortal among many metal fans. In addition, the band has been impressively produced considering the standards of these times.

In collaboration with the band, which is still active today under the name Palace, a complete work show was created on two CDs in addition to the album. In addition to three songs for the never released second album, this expanded edition features early demo recordings and live tracks that live and breathe the spirit of the eighties. The booklet contains liner notes, rare photos and press articles.

Title: **Warrior - Boudica**

Artist: **WARRIOR**

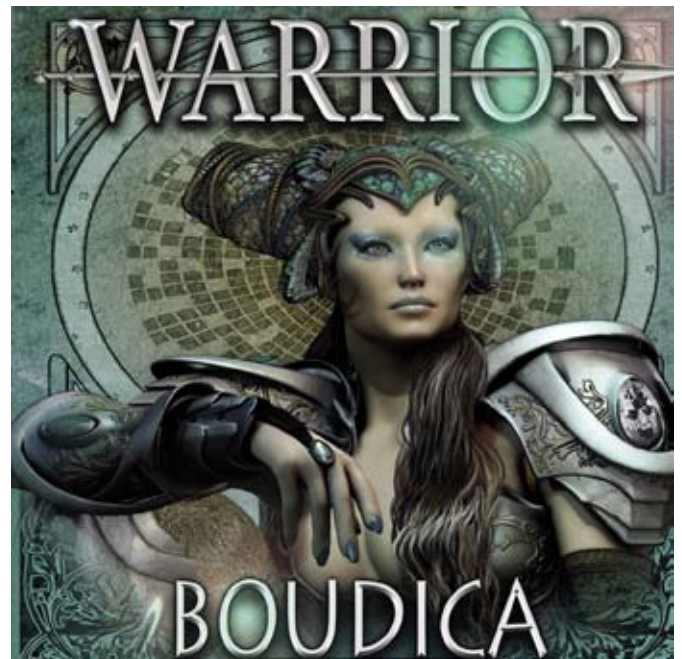

Hörprobe: <http://bit.ly/398jqLj>

No matter which genre traditional bands of the (early) eighties belonged to, a large part of these groups no longer manage to capture the spirit and lifestyle of the old days. Things are different with the NWOBHM veterans WARRIOR. They are an exception because „Boudica“ convinces with unexpected freshness and authenticity. And yet the new album doesn't sound dusty. This is certainly a feat in 2020.

WARRIOR, formed in 1979, remains the same NWOBHM band that they have been known and loved for since their first single on Neat Records (Dead When It Comes To Love, 1982), although the line-up has changed since then. Guitarist Dave Dawson has been a constant member throughout the years, but also a lost son returned in 2014: drummer Sean Taylor (Satan, Pariah), who was already part of the cast in 1983 when the EP „For Europe Only“ was recorded. Furthermore the band is happy about personnel reinforcement by the vocals of Dave Lunn, who not only elevates „Boudica“ into higher spheres, but also guarantees NWOBHM goose bumps with his voice and his style. The album was recorded by Dave Curle at First Avenue Studio (Newcastle). Curle has already given Satan's current albums a natural, unadulterated sound. Raven's John Gallagher, who plays bass on three songs, excels as a guest.

The four bonus tracks are just retro! A professional 24-track recording by WARRIOR mixed by Neudi in 2019 at Brofest 2014 (Newcastle)!

In addition to the entire Neat Records single, you can also find energetic live versions of the song „Suicide“ from the EP „For Europe Only“.

Title: **Lords Of Sin**
 Artist: **WITCHFYNDE**

Witchfynde are among the most traditional bands of the New Wave Of British Heavy Metal. Fans consider them to be exceptionally iconic. They are characterized by an occult image, which only partially matches to typical British hard rock and heavy metal. The band's first recordings date from 1975 and have only recently been made available. The four albums from the eighties and the included singles being considered as a blueprint for NWOBHM, are better known. „Lords Of Sin“ from 1984 was the last LP before the band's reunion and at the same time their debut at Mausoleum Records. The music itself had changed only slightly compared to the previous albums. On the other hand, a much higher importance was attached to the production.

Unfortunately, so far all re-releases on CD were not properly processed, sounded sometimes shrill and were offered against overcharged prices.

These problems have now been solved! The „35th Anniversary Edition“ is based on a new vinyl transfer from a blank LP that was remastered by Neudi in a following step.

For the first time, you can talk about listening pleasure on CD in relation to Witchfynde.

In addition to the epic title song, the enormous rocker „Stab In The Back“ is an ultimate highlight! The track is still part of the band's program.

„Lords Of Sin“ was released as a double LP, since the album included four live recordings (1984) as a bonus. This additional vinyl was called „Anthems“ and can also be found in a remastered version on this CD. Just as usual with re-releases by Golden Core, additionally you will find liner notes and all images related to the original LP.

Artist: **MARIKA RÖKK / ILSE WERNER / ZARAH LEANDER**

Marie Karoline, stage name Marika Rökk, was a singer, dancer and actress who performed in many films, for example alongside Johannes Heesters. Therefore, they became the dream couple of the German revue film.

Ilse Werner started her acting career early on. Already at the age of 19, she was one of the most popular actresses in Germany at the time. In addition to acting, she used to perform as a singer.

Born in Sweden, Zarah Leander learned the German language early on and played in many films produced by the UFA. In addition to acting, she was also very successful as a singer. Songs like her version of «Ich bin von Kopf bis Fuß auf Liebe eingestellt» (Falling in Love Again (Can't Help It) composed by Friedrich Hollaender stood the test of time and have become evergreens.
