Title: **Brute Force & Ignorance + Summer Lightning**

Artist: **WILDFIRE**

Hörprobe: <http://bit.ly/2Q500V4>

The melodic NWOBHM band WILDFIRE, which unfortunately only released two LPs and two singles, is of course associated with singer Paul Mario Day. After a brief stint with Iron Maiden, he appeared on the debut of MORE (Atlantic Records), which is considered one of the classics of NWOBHM.

The „dictatorially led group“ (quote) disbanded during the recording of the second LP and Paul formed Wildfire together with Jeff Brown (Statetrooper), Bruce Bisland (Weapon), Martin Bushell (Statetrooper) and Jeff Summers (Weapon), a real all-star band. The two LPs „Brute Force & Ignorance“ and „Summer Lightning“ (Mausoleum Records) impress with a very melodic variation of British Heavy Metal. It is hard to believe that the big success did not happen.

Paul Mario Day therefore switched to SWEET and appeared on their live album „Live At The Marquee“ (1989, SPV), while Jeff Summers today is back with WEAPON UK.

Two completely underrated albums form the legacy of WILDFIRE. Fans of bands like PRAYING MANTIS and NWOBHM lovers will love this re-release on a remastered double CD.

Title: **Texas Rockabilly**

Artist: **VARIOUS**

Hörprobe: <http://bit.ly/3aFWBiD>

Rockabilly is an early form of rock music created by white musicians from the southern United States. It was popular from the mid-1950s to 60s and was revived in the late 70s. Record critics coined the term Rockabilly, which literally means „Rock and roll played by hillbillies“.

By the late 1940s, radio stations throughout North America were often playing blues, rhythm and gospel, inspiring young white working class musicians (especially in areas with African-American populations) to mix black music with country music.

The result was initially called Country and Western Rhythm & Blues, but despite the mostly derogatory associations of the word Hillbilly, it became known as Rockabilly.
